

Jeanne Hersch and her conception of freedom

Piergiacomo Severini

Being Is Doing With

This book aims at introducing Jeanne Hersch, holding together her biography and her philosophy and showing in which sense her whole path can be seen as a continuous endeavour to guarantee better conditions for the exercise of freedom to more and more people. Thanks to the investigation of Hersch's reflection on freedom throughout all her life, the reader should gain a tool to orient in the heterogeneous Herschian path. In addition, reconstructing the evolution of Hersch's reflection on freedom also highlights the coherence among her varied engagements and texts, shedding new light on some of her minor contributions, which are still quite unknown. Thus, Jeanne Hersch's philosophy turns out to be a consistent contribution to Existentialism and contemporary issues.

Philosophie

Piergiacomo Severini graduated in Philosophical Sciences at the University of Macerata. He was a visiting PhD student at the University of Zurich and earned his PhD title in Human Sciences at the University G. d'Annunzio of Chieti-Pescara in 2021, with the additional title of Doctor Europaeus.
